

**OLAMI MENTORSHIP**

**VISIT SAO PAULO. JAN 31-4 FEB.**

**MENTORSHIP. COMMUNITY. FUN.**

# OVERVIEW

São Paulo is home to a thriving and warm community built on Jewish values and ideals. São Paulo's mentors will give us a glimpse into their day to day as they successfully navigate busy lives that encompass their families, professions, personal goals, and Jewish tradition. You will spend 5 days with world-leading Jewish business people while experiencing Brazilian culture and the dynamics of the local community.

We will picnic in Ibirapuera Park (Sao Paulo's equivalent of Central Park), visit Beco De Batman – the graffiti capital of the world and the famous Football Museum, get a taste of life in the favelas – and more...

The Brazilian Jewish community will open their doors and their hearts to us, sharing their professional wisdom and personal experiences as we embark on our journey of growth together.

# MENTORSHIP OPPORTUNITIES

## MENTORS @ WORK

There is nothing quite like seeing successful people at work. Go behind the scenes in some of SP's busiest board rooms, experience small group sessions with our mentors and the chance to learn how they navigate their personal and professional selves to lead lives they are proud of.

## MENTORS @ HOME

Complete the puzzle by visiting mentors in their Jewish homes. Our mentors are selected not just for their professional accomplishments but for their commitment to family and community. Visiting them at their home offers fascinating insight into their personal lives.

## GENIUS BAR

Top mentors and business professionals dedicate time to speak with our participants during the Genius Bar. Sessions are 15 minutes, and it's the time to come prepared with the questions you have; in work, in life, in the balance between the two and more!

## MENTORSHIP

Continue your mentorship journey and consider the lessons and insights that you gain from meeting the mentors in Sao Paulo. Each morning will begin with discussions about values, priorities, free will and Jewish identity, and how they impact our journey toward achieving our potential.

## BECO DE BATMAN

Beco de Batman is a must-see for anyone visiting Sao Paulo! It's an awesome alley covered in ever-changing street art, with colorful murals and cool designs. It is literally like a living gallery that's always evolving. You won't believe the talent and creativity on display! And nearby, there's Vila Madalena—a trendy neighborhood with cool cafes, shops, and a laid-back vibe.

## MEETING PEOPLE FROM THE FAVELAS

Favelas, otherwise known as slums, are rife in São Paulo. It is estimated that almost 2 million people live there today. A wide variety of small businesses exist in favelas and serve the needs of the community, but sadly the favelas are also frequently crime-ridden and have long been dominated by gangs immersed in illegal drug trafficking. Meet people from the favelas and community leaders deeply involved in improving the lives of literally millions of their inhabitants.

## OLAMI SAO PAULO

Meet your Brazilian counterparts, network and schmooze with young like-minded Jews who live hundreds of miles away. Compare notes, share stories and have fun at a special activity hosted at the Olami Sao Paulo center.
