MISSION STATEMENT

Olami is a global movement redefining Jewish engagement for the next generation. With 330 branches across 27 countries, we connect 70,000 college students and young professionals each year, offering a dynamic, personal approach to Jewish identity.

We bridge ancient wisdom with modern life, showing young Jews how Torah and Jewish living bring purpose and connection in the 21st century. More than just programs, we create personal journeys. Our global network of mentors sparks curiosity and growth through authentic relationships, meeting each individual where they are. Our immersive experiences, personalized learning, and digital engagement blend the timeless power of Jewish wisdom and community.

This approach ensures every young Jew can find a meaningful connection that speaks to their life today.

Whether visiting a sister community or collaborating across borders, we are united by a common purpose—rooted in Jewish wisdom, driven by impact, and strengthened by the deep bonds that make us one.

OLAMI EDUCATORS: GUIDING THE JEWISH JOURNEY

Olami educators are integral to our mission, playing a pivotal role in shaping the experiences of students and young adults. They create, develop, and nurture meaningful relationships through social events, trips, and a wide array of activities and programs. Beyond their involvement in campus life and young professional communities, Olami educators are dedicated to helping young Jews continue their Jewish journey long after their Olami campus experiences, offering guidance and support that extends into their personal and professional lives.

OLAMI MENTORSHIP: INSPIRING THE NEXT GENERATION

Olami Mentorship connects young adults with experienced mentors who provide guidance in personal growth, career development, and strengthening their Jewish identity. Through meaningful relationships and structured support, students gain the confidence, skills, and inspiration to navigate life's challenges while staying deeply connected to their Jewish values.

A key initiative within our mentorship program is The Michael and Andrea Leven Family Foundation Legacies Initiative, which honors the memories of Olami students tragically murdered on October 7th. Through learning, character development, and meaningful engagement, this initiative inspires current students to carry forward the values and legacy of those we lost, ensuring that their impact continues to shape the Jewish future.

JINTERNSHIP

HOLOCAUST EDUCATION AND OUR 6MILLION: HONORING MEMORY AND PROMOTING REMEMBRANCE

Olami is committed to preserving the memory of the Holocaust through year-round educational initiatives and events that promote awareness across communities. Our programs include annual candle-lighting ceremonies in partnership with Our Six Million, Poland trips, and observances of significant dates like Kristallnacht and Yom HaShoah. These efforts ensure that the lessons of the Holocaust remain deeply ingrained in our collective consciousness, while also providing opportunities for students to engage with Jewish history on a personal level. Through these initiatives, we honor the six million Jewish lives lost and foster a commitment to remembering the past, combating hate, and promoting unity.

OLAMI SOULED: EMPOWERING JEWISH WOMEN THROUGH CONNECTION AND GROWTH

Souled is a unique virtual and in-person space for Jewish women in their twenties and thirties, dedicated to female empowerment and personal growth. We offer transformative films on relevant topics, virtual discussion rooms, and mentorship opportunities with a “Souled coach” to help women achieve their personal goals. Souled also hosts exclusive retreats, bringing participants together from around the globe to unite and inspire each other.

Souled is not just a program—it’s a movement. It’s for women who take their soul seriously, envisioning a future that’s deeper and more meaningful than the ordinary. It’s a community of growth-minded, deep-thinking, real women who are committed to meaningful transformation. Throughout the year, we offer classes, Shabbatons, and trips to further cultivate this vibrant, inspiring community.

OLAMI SOULED

OLAMI TOGETHER: EMPOWERING JEWISH MEN THROUGH LEADERSHIP AND GROWTH

Olami Together is a hybrid program, both online and in-person, that brings male students together for immersive Jewish learning with a focus on leadership, personal growth, and identity.

We offer every student a weekly one-on-one session with an educator, as well as classes, mini-series, trips, and Shabbatons. Our success is rooted in the strong relationships we build and the opportunity we provide each student to explore their Judaism in a flexible and personalized way, empowering them to grow both spiritually and personally.

OLAMI EXPLORE: TRANSFORMATIVE JEWISH JOURNEYS

Each year, thousands of young Jews from around the world embark on transformative journeys of exploration, discovery, and learning with Olami. These immersive travel experiences connect students to their Jewish heritage, history, and contemporary global Jewish life, fostering a deeper sense of identity and belonging.

From Israel and Poland to Dubai, South Africa, Hong Kong, Panama, and beyond, every Olami trip seamlessly weaves together Jewish wisdom, meaningful learning, and cultural exploration. By engaging with the land, its history, and its people in a profound and dynamic way, participants gain a lasting connection to their roots and a strengthened commitment to their Jewish journey.
